

NitriDerm[®] Soothe[™]

Nitrile Exam Gloves Series 126

NitriDerm[®] Soothe[™] is a thinner, lighter nitrile glove that provides increased tactile sensitivity for the user while maintaining its exceptional durability. Additionally, this glove features COATS[®] barrier technology - a totally powder free, all-natural physical barrier between the glove surface and the wearer's skin which utilizes the anti-irritant and anti-inflammatory properties of colloidal oatmeal. This colloidal oatmeal barrier not only shields the skin surface, it also creates a moisturizing and pH balancing environment that helps dry, damaged skin to repair itself.
